LEGAL NOTICES.

COMMISSIONER'S NOTICE.

I will commence my assessments for the corporation on the 1st day of February for the present year. As there appears to be some doubt as to what should be given in under the head of money, bonds, &c., and as to what a merchant should give in as capital employed in business for the benefit of those interested they will find annexed an extract from the State revenue laws defining those subjects of taxation.
GEO. DUFFEY, Comm'r. of Revenue.

[Extract from State Revenue Laws.]
The value in this State of all bonds, notes, and other evidences of debt, the solvency of which, in cases of doubt, as well as the value thereof shall be determined by the commissioner, including bonds due from railroad and canal companies, bonds of towns, counties and cities, and bonds of other States and corporations, demands and claims, however evidenced, owing or coming to you, whether due or not, from debtors residing out of or within this State, or country, whether secured by deed of trust, or by judgment or not, deducting from the aggregate amount thereof all such bonds, demands, or claims, interest and exchange shall constitute to you as principal debtor and not as guarantor, endorser, or surety. Each person is required to exhibit and make oath to a list of all bonds, notes and other evidences of debt, and payable to such persons, in excess of \$100; and the amounts of such bonds and notes and other evidences of debt under \$100 each, to be given in under oath, in the aggregate, which said list shall be signed by the commissioner, and returned to the tax-payer. [The aggregate of principal, interest and exchange shall constitute to the amount of a bond, demand or claim due and payable, and the principal, with interest rebated when the bond, demand, or claim bears no interest, shall constitute the amount of a bond, demand or claim not yet due and payable. But no bond, demand, or claim constituting a part of the capital of a business done out of the State shall be included.] The value of capital, including moneys, credits or other thing remaining invested, whether said investment was made originally in this or in any other State or country, reduced, or employed in business out of this State, by yourself, your agent, or other person for joint stock companies, building or loan associations, not otherwise taxed. [Real estate belonging to such company, shall not be held to be capital, but shall be listed and taxed as property and not as capital.]

The amount of capital invested, used, or employed in any trade or business, not otherwise taxed. [Moneys and credits actively used and employed in carrying on trade or business, including goods, wares and chattels in hand, and all interest and exchange on such moneys and credits, in the course of business during the preceding year, shall be held to be capital in such trade or business, and shall not be taxed otherwise than as such capital; but real estate shall not be listed as such capital, but shall be assessed and taxed as other specific property but nothing herein shall be held to exclude from taxation any property which is the subject of such business.]
